Thank you

Dear Priya, Dev and family,

It is my privilege to thank you personally for your gift to Reading for Life. Since 2019 your family has stood with children in our community, and this year your generosity reached four primary schools in Soweto.

Because of you, 1 800 learners now have a library corner in their classroom, a trained reading mentor and books they can take home. Teachers tell us reading time has become the most popular part of the school day.

A child who reads with confidence can learn anything. Your gift will keep turning pages for years to come, cared for by the schools and families it serves.

Thank you for believing in these children. We are honoured to walk this journey with you.

THE PROJECT

Where your gift went

Many children in Soweto's primary schools reach Grade 4 without being able to read for meaning.

Stronger neighbourhoods (illustrative)

Classrooms had few books, and most homes had none. Children who fall behind in reading often lose confidence and fall further behind in every subject.

Your gift built four classroom libraries, trained 48 volunteer reading mentors and started weekly reading clubs, so that reading is not only taught but loved.

Your impact

In just eight months, your gift turned four schools into places where children love to read.

Books for every child

Every classroom now has a library corner full of books in English and isiZulu.

Confident readers

Learners read aloud with pride and choose books for themselves.

Reading at home

Take-home books mean parents and siblings now read together.

STORY OF CHANGE

Lerato's new chapter

Ten-year-old Lerato used to hide at the back of the class when it was her turn to read. The words felt too hard, and she was afraid the others would laugh.

Then she joined the Tuesday reading club. Her mentor, Mrs Dlamini, let her choose her own books and read with her a page at a time.

Today Lerato is the first to put up her hand. She borrows two books a week and has started writing her own stories.

WHAT HAPPENS NEXT

Looking ahead

Each school now runs its own library with a parent volunteer, and our team will visit every term to add new books and support the mentors.

- New books every term
- Refresher training for mentors
- Two more schools joining in 2027
